Wholesale buyer pack checklist

Line Sheet Tools | linesheet.tools

[ ] Choose up to 24 relevant, sellable products.

[ ] Give every sellable variant a unique SKU.

[ ] Confirm wholesale and MSRP labels; use USD decimals.

[ ] Check MOQ in units and full-case multiples.

[ ] Match photos to SKUs; inspect each actual preview.

[ ] Check brand, collection title and contact information.

[ ] Review fitting trade terms before sharing.

[ ] Compare values in the line sheet, price list and order form.

[ ] Leave buyer quantities/totals blank in the printable form.

[ ] Save portable backups and downloaded documents.

Free sample: marked first line-sheet page, up to six products.

Clean full packs: $9.99/month while paid and active.

Subscription downloads require active paid access and retention.

This is a review aid, not a guarantee of orders or legal compliance.
